about me

Hello, I'm Amber and I am a passionate, hard-working and organised designer; based in Swansea, South Wales. I have recently graduated with a First Class BA (Hons) in Graphic Design, from the University of Wales Trinity of David, and I am excited to share what I have learnt over the last three years.

I enjoy working in a creative environment where I can respond to challenging briefs, creating a result that is both visually pleasing and functional. I am someone who loves keeping up with the latest technology, and I enjoy the challenge of learning new software.

If on the rare occasion you don't find me at my desk, you may find me experimenting with new cocktail recipes, or playing the latest video game.

experience

Contrast Exhibition (Social Media Manager)
